Subject index

Abdomen

Abdominal aneurysms in a black population: clinicopathological study, 554

Improving access for upper abdominal surgery: use of two Goligher retractors, 579

Laparoscopy as an adjunct to decision making in the 'acute abdomen', 1022

Laparostomy: a technique for the management of intractable intra-abdominal sepsis, 253

Role of the splanchnic nerves in endocrine and metabolic response to abdominal surgery, 142

'Sandwich technique' in the management of the open abdomen, 369

Abscess

Crohn's disease precipitating a spinal extradural abscess and paraplegia, 1004

Adrenal

Coexistent adrenal and extra-adrenal phaeochromocytoma accurately localized with non-invasive investigations, 41

Ampulla of Vater

Carcinoma of the ampulla of Vater, 72

Amputation

Changing pattern of lower limb amputation for vascular disease, 701

Controlled environment unit in the care of the below-knee amputation stump, 11

Major amputation compared with graft occlusion as the end point for assessing results of bypass surgery in lower limb ischaemia, 200

Staged below-knee amputations for septic peripheral lesions due to ischaemia, 392

Anastomosis

Fibrin adhesive *versus* sutured anastomosis: a comparative intra-individual study in the small intestine of pigs, 760

Anatomy

Venous anatomy of the lower oesophagus in portal hypertension: practical implications, 525

Aneurysm

Abdominal aneurysms in a black population: clinicopathological study, 554

Carotid bifurcation aneurysm due to idiopathic granulomatous arteritis, 104

Impact of vascular surgery on community mortality from ruptured aortic aneurysms, 551

Reaction of inflammatory aneurysm after steroid therapy, 374

Ruptured abdominal aortic aneurysm, 396

Ruptured abdominal aortic aneurysms: a study of incidence and mortality, 101

Unusual isolated iliac artery aneurysm, 375

Angioplasty

Impact of percutaneous transluminal angioplasty on the management of peripheral vascular disease, 17

Percutaneous transluminal angioplasty, 91

Antibiotic

Combined topical povidone–iodine and systemic antibiotics in postappendicectomy wound sepsis, 958

Selective cefuroxime prophylaxis following colorectal surgery based on intra-operative dipslide culture, 953

Anus

Anal hypertonia in fissures: cause or effect? 443

Anorectal agenesis. Neonatal correction by a minimal mobilization inversion proctodaeoplasty, 933

Congenital anovular fistula in a 30-year-old woman, 161

Differential effects of sacral anterior root stimulation on anal sphincter and colorectal motility in spinally injured man, 478

Flap-valve theory of anorectal continence, 1012

Incidence of fistula-in ano complicating anorectal sepsis: a prospective study, 371

Internal sphincterotomy for chronic anal fissure: long term effects on anal pressure, 915

New method for assessment of anal sensation in various anorectal disorders, 310

Re-routing procedures for ectopic anus in the adult,. 974

Role of pelvic floor denervation in the aetiology of idiopathic faecal incontinence, 404

Surgical treatment of anorectal malignant melanoma, 68

Aorta

Hepatorenal revascularization in non-specific aorto-arteritis, 209

Impact of vascular surgery onmunity mortality from ruptured aortic aneurysms, 551

Increased glomerular filtration rate in patients after reconstructive surgery on the abdominal aorta, 34

Necrosis of the rectum complicating abdominal aortic reconstructions in previously irradiated patients, 711

Opsonic dysfunction secondary to plasma fibronectin depletion after aortic surgery, 38

Resection of inflammatory aneurysm after steroid therapy, 374

Ruptured abdominal aortic aneurysm, 395

Ruptured abdominal aortic aneurysms: a study of incidence and mortality, 101

Secondary aorto-enteric fistulae: towards a more conservative approach, 875

Tailed aortic graft: technique for widening the distal orifice of an aortic tube graft, 208

Appendix

Appendicitis caused by an intra-uterine contraceptive device, 927

Combined topical povidone–iodine and systemic antibiotics in postappendicectomy wound sepsis, 958

Escaped faecolith after appendicectomy, .006

APUD

Effects of long-acting somatostatin analogue in patients with severe ileostomy diarrhoea, 128

Somatostatin in the treatment of severe upper gastrointestinal bleeding: a multicentre controlled trial, 786

Surgery for peptic ulceration associated with hypergastrinaemia, 248

Artery

Giant cell arteritis: an unusual cause of palpable masses in the breast, 105

Rhabdomyolytic acute renal failure following peripheral arterial embolism, 103

Audit

Indicators of surgical risk and clinical judgement, 47

Total parenteral nutrition: a four year audit, 656

Bacteriology

Campylobacter fetus as a cause of acute cholecystitis, 46

Bile

Incidence of bile reflux in gastric ulcer and after partial gastrectomy, 295

Intragastric bile acids and histological changes in gastric mucosa, 354

Intragastric bile acids and scintigraphy in the assessment of duodenogastric reflux, 292

Bile duct

A randomized clinical trial of oral ursodeoxycholic acid in obstructive jaundice, 634

Bile peritonitis after removal of T-tubes from the common bile duct, 641

Chemical composition of common bile duct stones, 229

Chemical treatment of stones in the biliary tree, 515

Endoscopic sphincterotomy for retained common bile duct stones in patients with T-tube *in situ* in the early postoperative period, 454

Failure to improve survival by improved diagnostic techniques in patients with malignant jaundice, 631

Iatrogenic bile duct stricture: an avoidable surgical hazard?245

Influence of endoscopic papillotomy on the management of bile duct stones, 779

Is operative cholangiography always necessary? 637

Management of acute cholangitis and the impact of endoscopic sphincterotomy, 988

Routine or selective peroperative cholangiography, 548

Spontaneous perforation of the common bile duct in infancy, 929

Blood

Early postoperative course following elective splenectomy in haematological diseases: a high complication rate in patients with myeloproliferative disorders, 720

Effect of early blood transfusion on gastrointestinal haemorrhage, 783

Influence of anticoagulant treatment in preventing graft occlusion following saphenous vein bypass for femoropopliteal occlusive disease, 689

Low molecular weight heparin plus dihydroergotamine for prophylaxis of postoperative deep vein thrombosis, 697

Recurrent priapism following splenectomy for thalassaemia intermedia, 678

Blood flow

Direct arterial pressure measurements during operation to assess adequacy of arterial reconstruction in lower limb ischaemia, 879

Effect of the cyclo-oxygenase inhibitor indobufen on platelet accumulation in prosthetic vascular grafts, 563

Haemodynamic assessment of the femoropopliteal segment: comparison of pressure and Doppler methods, 559

Haemodynamic effects of intra-arterial and intravenous administration of prostaglandin E_1 in patients with peripheral arterial disease, 20

Haemodynamics of the interposition vein cuff, 823

Monitoring middle cerebral artery blood velocity during carotid endarterectomy, 98

Oxygen inhalation induced changes in the skin as measured by transcutaneous oxymetry, 882

Breast

Giant cell arteritis: an unusual cause of palpable masses in the breast, 105

Seat belt injury to the female breast, 106

Breast–benign

Depression and social stress among patients with benign breast disease, 997

Breast–inflammatory

Daily salivary progesterone levels in cyclical mastalgia patients and their control, 260

Mammillary fistula, 367

Mondor's disease secondary to breast abscess in a male, 931

Breast–surgery

Breast conservation, 599

Conservative management of breast cancer, 604

Cosmetic results of immediate breast reconstruction post-mastectomy: a follow-up study, 813

Post-mastectomy breast reconstruction using the inflatable tissue expander, 817

Breast—tumour

Adjuvant radiotherapy and chemotherapy in breast cancer, 264

Beneficial response to pituitary ablation following aminoglutethimide, 388

Breast scintigraphy with ^{99m}Tc-diethylene triamine penta-acetic acid for the detection of malignant disease, 613

Carcinoma of the breast associated with pregnancy, 607

Conservative management of breast cancer, 604

Effect of the method of biopsy on the prognosis of and reliability of receptor assays in patients with operable breast cancer, 610

Increased activities of thymidine kinase isozymes in human mammary tumours, 272

Paget's disease of the nipple occurring after conservative management of early infiltrating breast cancer, 45

Prognostic factors in breast cancer and the development of a prognostic index, 267

Risk of lymphoedema following the treatment of breast cancer, 580

Specimen radiology of excised breast lesions, 756

Survival patterns in hormone treated advanced breast cancer, 752

Transformation of blood monocytes to giant cells *in vitro*: from patients with breast cancer, 839

British Association of Endocrine Surgeons

British Association of Endocrine Surgeons Abstracts, 935

Carcinogenesis

Effect of warfarin on formation and growth of pre-neoplastic lesions in chemically induced colorectal cancer in the rat, 487

Increased activities of thymidine kinase isozymes in human mammary tumours, 272

Carcinoma

Carcinoma of the ampulla of Vater, 72

Cervical thymus cyst and thyroglossal cyst carcinoma, 44

Decreased interleukin-2 production in patients with gastrointestinal cancer, 483

Carotid

Carotid bifurcation aneurysm due to idiopathic granulomatous arteritis, 104

Carotid body tumour, 30 years experience, 14

Carotid endarterectomy: a mid-atlantic view, 865

Carotid endarterectomy in Great Britain and Ireland, 867

Monitoring middle cerebral artery blood velocity during carotid endarterectomy, 98

Chemotherapy

Adjuvant radiotherapy and chemotherapy in breast cancer, 264

Implantable vascular assess devices in the treatment of colorectal liver metastases, 419

Randomized trial of oral adjuvant razoxane (ICRF 159) in resectable colorectal cancer: five-year follow-up, 446

Chest

Indications for thoracotomy in stab injuries of the chest: a prospective study of 543 patients, 888

Chromosome

Gonadoblastomas in 46, XY gonadal dysgenesis: the significance of intra-abdominal exploration during appendectomy, 42

Collagen disease

Giant cell arteritis: an unusual cause of palpable masses in the breast, 105

Colon—congenital

Adult megacolon due to total hypoganglionosis, 765

Twenty year experience with familial polyposis coli in Cape Town, 210

Colon—inflammatory

Adenocarcinoma arising at the ileocutaneous junction occurring after proctocolectomy for ulcerative colitis, 378

Changing epidemiology, diagnosis and treatment of *Clostridium difficile* toxin-associated colitis, 457

Comparison of the function of triplicated and duplicated pelvic ileal reservoirs after mucosal proctectomy and ileo-anal anastomosis for ulcerative colitis and adenomatous polyposis, 361

Diagnosis and surgical management of intractable constipation, 854

Perineal and pelvic morbidity following perimuscular excision of the rectum for inflammatory bowel disease, 675

Sigmoid volvulus in association with Crohn's disease of the colon, 1005

Yersinia enterocolitica infection and toxic megacolon, 590

Colon—surgery

Colonic haemorrhage: a technique for rapid intra-operative bowel preparation and colonoscopy, 390

Colonic healing: a role for polymorphonuclear leucocytes and oxygen radical production, 225

Comparison of stapling and hand-suture for left-sided large bowel anastomosis, 345

De-functioning stomas: a prospective controlled trial comparing loop ileostomy with loop transverse colostomy, 566

Effect of steel wire sutures on the incidence of chemically induced rodent colonic tumours, 671

Enteric bacteriology, absorption, morphology and emptying after ileal pouch–anal anastomosis, 909

Late leak from stapled anastomosis presenting as remote abscess, 366

On-table lavage to achieve safe restorative rectal and emergency left colonic resection without covering colostomy, 61

Perineal and pelvic morbidity following perimuscular excision of the rectum for inflammatory bowel disease, 675

Selective cefuroxime prophylaxis following colorectal surgery based on intra-operative dipslide culture, 953

Stapled ileo-anal anastomosis: a technique to avoid mucosal proctectomy in the ileal pouch operation, 571

Colon—tumour

Clearance technique for the detection of lymph nodes in colorectal cancer, 58

Curative resection of primary colo-rectal cancer, 687

Determinants of survival in liver resection for colorectal secondaries, 727

Effect of perioperative blood transfusion on recurrence of colorectal cancer, 970

Effect of steel wire sutures on the incidence of chemically induced rodent colonic tumours, 671

Effects of hepatic metastases on resting energy expenditure in patients with colorectal cancer, 659

Emergency presentation and mortality from colorectal cancer in the elderly, 214

Experimental colorectal cancer: the relationship of diet and faecal bile concentration to tumour induction, 233

Implantable vascular access devices in the treatment of colorectal liver metastases, 419

Increased dietary calcium and small bowel resection have opposite effects on colonic cell turnover, 1018

Influence of tumour site on presentation, management and subsequent outcome in large bowel cancer, 663

In vitro binding and *in vivo* localization in colorectal cancer of a high affinity monoclonal antibody to carcinoembryonic antigen, 965

Monoclonal immunoscintigraphy for the detection of primary colorectal cancers: a prospective study, 177

Occult hepatic metastases in colorectal carcinoma, 732

Radioimmunolocalization and selection for surgery in recurrent colorectal cancer, 64

Randomized trial of oral adjuvant razoxane (ICRF 159) in resectable colorectal cancer: five-year follow-up, 446

Congenital

Anorectal agenesis. Neonatal correction by a minimal mobilization inversion proctodaeoplasty, 933

Re-routing procedures for ectopic anus in the adult, 974

Constipation

Diagnosis and surgical management of intractable constipation, 854

Crohn's disease

Crohn's disease precipitating a spinal extradural abscess and parapiegia, 1004

Delayed perineal wound healing after proctectomy for Crohn's disease, 150

Sigmoid volvulus in association with Crohn's disease of the colon, 1005

Cytology

Fine needle aspiration biopsy cytology in the diagnosis of thyroid cancer: comparative study of 213 operated patients, 461

Deep vein thrombosis

Low molecular weight heparin once daily compared with conventional low-dose heparin twice daily. A prospective double-blind multicentre trial on prevention of postoperative thrombosis, 204

Low molecular weight heparin plus dihydroergotamine for prophylaxis of postoperative deep vein thrombosis, 697

Defaecation

Factors influencing bowel function after ileal pouch–anal anastomosis, 469

Dermatology

Surgical treatment of perineal hidradenitis suppurativa with special reference to recognition of the perianal form, 978

Diabetes

Insulin infusion (GIK) in the treatment of type 2 (non-insulin dependent) diabetes during the perioperative period, 898

Local excision of subcutaneous fat in the management of insulin overdose, 538

Metabolic changes in the non-insulin-dependent diabetic undergoing minor surgery: effect of glucose–insulin–potassium infusion, 301

Diverticulum

Meckel's diverticulum in the adult, 146

Drain

Influence of intraperitoneal drains on subhepatic collections following cholecystectomy: a prospective clinical trial, 993

Surgical drainage: an historical perspective, 422

Duodenum

Functional duodenal obstruction caused by radiotherapy after nephrectomy, 592

Giant villous adenoma of the duodenum, 924

Duodenum (*continued*)

Intragastric bile acids and scintigraphy in the assessment of duodenogastric reflux, 292

Segmental duodenal aganglionosis in an adult, 43

Education

Simulation in surgical training using freeze dried material, 52

Embolism

Inguinal hernia repair in patients with peritoneovenous shunt: risk of air embolism, 122

Rhabdomyolytic acute renal failure following peripheral arterial embolism, 103

Endoscopy

Diagnostic accuracy of double-contrast enema and rectosigmoidoscopy in connection with faecal occult blood testing for the detection of rectosigmoid neoplasms, 961

Diagnostic yield of endoscopic retrograde cholangiopancreatography in carcinoma of the pancreas, 639

Endoscopic sphincterotomy for retained common bile duct stones in patients with T-tube *in situ* in the early postoperative period, 454

Influence of endoscopic papillotomy on the management of bile duct stones, 779

Intra-operative fibreoptic enteroscopy for bleeding lesions in the small intestine, 217

Laparoscopy as an adjunct to decision making in the 'acute abdomen', 1022

Management of acute cholangitis and the impact of endoscopic sphincterotomy, 988

Femoral

A 5-year follow-up of Dacron femoropopliteal bypass grafts, 24

Compliance changes in *in-situ* femoropopliteal bypass vein grafts, 196

Haemodynamic assessment of the femoropopliteal segment: comparison of pressure and Doppler methods, 559

Fistula

Congenital anovular fistula in a 30-year old won an, 161

Secondary aorto-enteric fistulae: towards a more conservative approach, 875

Fungus

Chronic lymphadenopathy caused by *Penicillium marneffei:* a condition mimicking tuberculous lymphadenopathy, 1007

Gallbladder—inflammation

Campylobacter fetus as a cause of acute cholecystitis, 46

Gallbladder—surgery

Bile peritonitis after removal of T-tubes from the common bile duct, 641
